

FAITH & HOPE AS THE CLIMATE CHANGES

April 16, 2022 at 7pm

Historic Latter-day Saint Dome Chapel
739 E Ashton Ave, Salt Lake City

(within walking distance to the Trax S line)

Register to
attend virtually!

featuring

Katharine Hayhoe

Katharine is a climate scientist who is the chief scientist for The Nature Conservancy and a distinguished professor and chair at Texas Tech University. She can often be found talking to people about why climate change matters and what we can do to fix it.

Sponsored by the Latter-day Saint Creation Care Coalition
